

THANKS FOLKS THANKS

I certainly appreciate the thoughtfulness of the Torrance Chamber of Commerce in inviting me over to meet the people of Torrance. And I likewise appreciate the welcome you people extended to me.

Having purchased 231 acres for my refinery site at the very back door of Torrance, I naturally feel that I have become a part of your wonderful city. You welcomed me into your midst royally. And I can assure you that I'll return the compliment in terms of the most up-to-date refinery that man can design, build and operate.

Engineers are working overtime on plans for my refinery. The state has granted me a permit and everything is sailing along at top speed.

The refinery will be in operation in six months. Most of the workmen will eventually live in Torrance, and take it from me, it's straight when I say that our future associations are going to be just as pleasant in the future as you made my visit in Torrance Monday night.
